Director Air, Radiation and Toxics Division
U. S. Environmental Protection Agency
Region III
841 Chestnut Building
Philadelphia, PA 19107 - 4431

Dear Mr. Maslany,

Please be advised we have completed repairs to the B Battery Collector Main. The conditions in the alternate completion schedule, granted in correspondence from the EPA dated August 1, 1995, required completion of repairs before November 30, 1995.

I would like to take this opportunity to thank the agency for their cooperation in this matter.

Sincerely,

H. R. McCollum
Manager, Environmental Control
